Premium Router Carved MDF Doors With Over 150 Designs Offered

Woodgrain's Router Carved Door Collection are made of medium density fiberboard (MDF) and include both 1 3/8" and 1 3/4" thick doors available. Router Carved doors offer infinite design options by combining cutting edge technology and old-fashioned craftsmanship. Woodgrain uses its well-honed techniques from decades of wood door manufacturing to build a better door.

- Improve sound transmission properties

Profile And Panel Options

Mix and match any of our five profile options or two raised moulding options.

Raised Moulding

SureEdge

SureEdge solid wood edge band is a feature in each MDF door. Installed in each stile, the SureEdge system allows maximum screw holding power and ease of hinge mortising.
